

## INTISARI

### HUBUNGAN KESAN *VERBAL ABUSE* ORANG TUA DENGAN KENAKALAN REMAJA DI SMA N COLOMADU KARANGANYAR

Resti Wulan Ratnawati,<sup>1</sup> Indriyati,<sup>2</sup> Siti Fatonah,<sup>3</sup>

**Latar Belakang:** Kenakalan remaja dapat dikategorikan perilaku menyimpang dan hampir setiap hari kasus kenakalan remaja selalu ditemukan di pemberitaan, salah satu penyebab kenakalan remaja adalah kekerasan verbal (*verbal abuse*) orang tua. Studi pendahuluan di SMA N Colomadu dengan wawancara terhadap lima orang siswa dan seorang guru BP diketahui bahwa siswa menyatakan pernah mendapatkan perlakuan kasar yang berbentuk ancaman jika melakukan kesalahan. Dari guru BP menyatakan anak yang mengalami kekerasan verbal, kekerasan yang dirasakan oleh anak menjadi lebih kasar dan agresif dalam bergaul, sering terjadi masalah (pertentangan) dalam hubungan pertemanan.

**Tujuan:** Mengetahui hubungan kesan *verbal abuse* orang tua dengan kenakalan remaja di SMA N Colomadu Karanganyar.

**Metode:** Jenis penelitian deskriptif korelational dengan rancangan *cross sectional*. Populasi berjumlah 304 siswa, diambil 75 siswa dengan teknik *proportional sampling*. Variabel independen dalam penelitian ini adalah verbal abuse orang tua dan variabel dependennya adalah kenakalan remaja. Alat pengumpul data dengan kuesioner. Teknik analisis data yang digunakan dengan analisis korelasi *rank spearman*.

**Hasil :** (1) Kesan *verbal abuse* orang tua sebagian besar tergolong sedang yaitu sebanyak 42 siswa (55,3%); (2) Kenakalan remaja yang dimiliki siswa sebagian besar tergolong sedang yaitu sebanyak 45 siswa (59,2%); (3) Ada hubungan signifikan antara verbal abuse orang tua dengan kenakalan remaja di SMA N Colomadu Karanganyar ( $\rho_{xy} = 0,360 > 0,218$ ;  $p = 0,001 < 0,05$ ).

**Simpulan :** Terdapat hubungan signifikan antara kesan *verbal abuse* orang tua dengan kenakalan remaja di SMA N Colomadu Karanganyar.

**Kata Kunci :** *Verbal abuse, orang tua, kenakalan remaja*

## ABSTRACT

### **THE CORELATIONS VERBAL ABUSE BETWEEN PARENTS WITH JUVENILE DELINQUENCY IN SMA N COLOMADU KARANGANYAR**

Resti Wulan Ratnawati,<sup>1</sup> Indriyati,<sup>2</sup> Siti Fatonah,<sup>3</sup>

**Background:** Juvenile delinquency can be categorized as deviant behavior and almost every day delinquency are always found in the news, one of the causes of juvenile delinquency is verbal violence (verbal abuse) parents. Preliminary studies in SMA N Colomadu with interviews of five students and a conselor teacher is known that the students said that they had to get rough treatment in the form of a threat if you make a mistake. Conselor teachers claimed a child who suffered verbal violence, violence that is felt by the child become more violent and aggressive in the mix, often the problem (conflict) in a friendship relationship.

**Objective:** To determine the relationship of verbal abuse parents with juvenile delinquency in SMA N Colomadu Karanganyar.

**Method:** study with a descriptive corelational of cross sectional design. Population of 304 students, 75 students were taken to the proportional sampling technique. The independent variables are the verbal abuse the elderly and the dependent variable is juvenile delinquency. Data collection tool with a questionnaire. Data analysis techniques used by the Spearman rank correlation analysis.

**Results:** (1) Verbal abuse parents most are classified as being as many as 42 students (55.3%); (2) Juvenile delinquency most of the students have classified as moderate as many as 45 students (59.2%); (3) There is a significant relationship between verbal abuse parents with juvenile delinquency in SMA N Colomadu Karanganyar ( $\rho_{xy} = 0.360 > 0.218$ ;  $p = 0.001 < 0.05$ ).

**Conclusions:** There is a significant relationship between verbal abuse parents with juvenile delinquency in SMA N Colomadu Karanganyar.

**Keywords:** Verbal abuse, elderly, juvenile delinquency
